

HONDA
The Power of Dreams

2016 McLaren Honda Collection

McLaren's is a story of restless technical development, characterized by gritty stories of heroism and human endeavour. Our champions past and present will always bring F1™ to life: Emerson Fittipaldi ignited the passion of his native Brazil; James Hunt created as many headlines on the front pages as he did on the track; Niki Lauda and Alain Prost turned sport to science; the burning intensity of Ayrton Senna will live forever, while Mika Hakkinen and Lewis Hamilton are remembered for their fearless aggression.

McLaren's great champions are all individuals who have stood on the sport's global stage and told their own unique, timeless tale. These, then, are the stories we continue to tell along our journey.

Since 1966, the McLaren Formula 1 team has won more F1™ grand prix races than any other, owing to the relentless efforts, grit and determination of our team and drivers.

Whether the F1™ drivers on track, mechanics in the garage, management team on the pitwall or analysts in the MTC, we have one common goal: to win.
